

PET VISITATION PROGRAM

The WAMC ARC supports a Pet Visitation program. Dogs and their handlers may visit patients of WAMC and members of the Fort Bragg Warrior Transition Battalion. The program provides a great resource to aid in the recovery of patients either in a hospital setting or recreational setting.

Handlers must meet requirements to become a Red Cross Volunteer at WAMC, and all dogs participating in the Pet Visitation Program are also registered with the American Red Cross and **must** be certified through Therapy Dog International, INC; Therapy Dogs, INC; or Delta Society.

Pet Visitation Volunteers have great flexibility and may volunteer as their schedule allows, to include: evenings and weekends.

Dog owners must be an active Red Cross Volunteer & dogs must be TDI- Therapy Dogs International qualified
TDI contact info: PH# 973-252-7171
